1983 HIGHLIGHTS

STATE LIBRARY NEWS

With the completion of the Utah Plan for Library and Information Services, the development of which had been the top priority of the Utah Governor's Conference on Library and Information Services, the Utah Advisory Committee on Library and Information Services was given two new charges: to determine "evaluative procedures for measuring the effectiveness and efficiency of library and information services," and of developing and implementing "guidelines that define basic standards of public library service." The work of the Advisory Committee culminated in recommendations which will have long-term impact in improving the quality of library service available in Utah's public libraries.

New state library board members appointed were: Dr. Bruce Griffin, State Office of Education, and Dr. Jay Haymond, Division of State History.

The state documents program was realigned to provide better access to the state's publications by Utah citizens, state agencies, and depository libraries. Among the new activities were improved cataloging and classification, a more detailed shipping list, an annual checklist of state publications, and new manuals to assist libraries utilizing the program.

The Blind and Physically Handicapped Division participated in the analysis, development, and implementation of an automated circulation system which has greatly improved the quality of service they are able to offer their patrons. The system became fully operational on September 19, 1983.

NEWS AROUND THE STATE:

CONSTRUCTION AND RENOVATION: The Weber County Library North Branch was dedicated January 14, 1983; ribbon-cutting ceremonies for the refurbished West Valley City Branch Library were held March 15, 1983. Groundbreaking ceremonies for the Avenues Branch of Salt Lake City Library, Fillmore Library, and Delta (in conjunction with a new municipal building) were held. The $313,746 in federal monies provided through the Emergency Jobs Act were allocated to: the Avenues and Foothill Branches of the Salt Lake City Library and remodeling of the Roy Branch of the Weber County Library.

UTAH NEWSPAPER PROJECT: As part of a National Endowment for the Humanities program being developed nationwide, a newspaper project was launched by the Marriott Library, University of Utah. They are attempting to identify every newspaper ever published in Utah and also to find and microfilm all existing copies.

NETWORK ACTIVITIES: Davis County Library, Brigham Young University Lee Library, and Park City Library joined the OCLC network thus providing more of the critical links needed for the Utah Network of Cooperating Libraries. OCLC telecommunications support was provided in a pilot program of interlibrary loan activities with BYU Lee Library and Weber County Library. The interlibrary loan documentation project, January - June 1983, also provided UNCL with additional information necessary for the successful implementation of network activities.

I. INSTITUTIONAL LIBRARY SERVICE (L.S.C.A. TITLE I)

During the Fiscal Year 1982-1983, Title I Funds provided the following for our state's institutions.

State Prison	Purchased books, equipment and magazines.
State Training School	Purchased AV equipment, books and materials.
State Hospital	Purchased books, magazines, supplies, AV materials and equipment.
State Youth Development Center	Purchased books.
State Schools for Deaf and Blind	Paid salary of part-time library assistant.

II. SPECIAL SERVICES PROGRAM

Services to the Blind and Physically Handicapped (L.S.C.A., Title I).

During the Fiscal Year, 1983, Title I and State Funds were used to extend library services to the Blind and Physically Handicapped people in Utah. Wyoming contracted with the State Library for total library service to their Blind and Physically Handicapped people. The states of Idaho, New Mexico, Nevada, Colorado, Montana, North and South Dakota, Alaska, and Nebraska contracted with the State Library for braille services only.

The Utah State Library for the Blind and Physically Handicapped is the Multistate Center serving 16 western states. As such, Utah is a back-up in service and collection to the Regional Libraries in the West.

During Fiscal 1983, the State Library circulated books to the Blind and Physically Handicapped in five different formats, i.e.: braille books, talking books, books on tape, large print books, and cassette books. In addition to these services, the library has provided a Radio Reading Service which broadcasts newspapers and other ephemeral information daily to its patrons.
